Paul's Patent COLUMBIAN OIL.

THE inventor of this highly esteemed Medicine is a native of America and the composition is the production of American soil, consequently this in every sense of the word Domestic, it is not puffed up with a numerous train of pompous foreign certificates of persons from whom by the great distance that separate us, tis impossible to obtain information, therefore the public has better security for their money as there cannot be the least shadow for deception to cover this medicine, for ne simply appears before the community with his invention and an experimental detail of the various cases in which it really is so wonderfully efficacious and in which he is supported by the following certificates, whose names are not only subscribed but their persons may also be consulted, being residents within the circle of our neighborhood. The following are the complaints in which the Columbian Oil has been found so efficacious and rarely ever fails of effecting a cure—viz. Rheumatism, Consumption, Pains in any part of the body but particularly in the back and breast, Colds, and Coughs, Tooth Ache, Spleen, Pleuritis, Cholic, Cramps, external & internal Bruises, Sprains and flesh wounds, Scalds, Burns, Whooping Cough and Mumps, Dysentery or Bloody flux, Croup and the summer complaint in children, and in a weak stomach, that is caused by indigestion, a constant sinking and loss of appetite, it will act as a powerful bracer to the relaxed fibre and restore it to its proper tone.

It seems as though nature had ranked it the first of the class of all pectorals and expectorals for the relief of the breast and lungs as it scarcely ever fails of removing obstruction in either, particularly those who are troubled with Phthisic or Asthmatic complaints who in the act of walking fast, stooping or lying down are almost suffocated, half a tea-spoonfull of the Columbian Oil will render some relief instantaneously, and if continued agreeably to the directions in such cases will prove a radical cure by producing the full power of inflation to the lungs and free expansion of the breast.

Certificates of its efficacy.

No. 1. Sept 1809.
I do certify, that I have been ailing nearly two years with a hectic cough and violent oppression at the breast—I applied to the most eminent Physicians and could get no relief from my low state of health, till I got Paul's Columbian Oil, and found immediate relief I take this method of informing the public of the efficacy of this valuable medicine, from the cures which I have experienced, I think it an incumbent duty to offer the same to the public.

BLISSA SOWARD.

Baltimore, No. 16, Water Street, sign of the Plough Sept. 1809.

No. 2
I comply with your request, of stating my opinion of Paul's Columbian Oil being an effectual remedy for the tetter-worm. I have been afflicted with the tetter-worm in my hand for 12 years, and have made trial of many medicines which have been recommended, but all to no effect. Hearing of Paul's Columbian Oil, about the 15th of January last, proving an effectual cure for the ring-worm and similar complaints, I immediately got a phial of your Oil and applied it agreeably to the directions for about two months successively—when the tetter left me, and has not made its appearance since.

ISUSANNA PURDEN.

N. B. My Susanna, a child aged 20 months and six days, was taken about the middle of July last, with a violent cough, which the neighbors thought was the whooping-cough; I gave her six drops of the Columbian Oil, which gave immediate relief, and proved an effectual cure.
Saratoga-street Baltimore, August 21, 1809.

No. 3.

We do certify, that on Thursday, the 17th inst we were tarring a new scine for Mr. Clark, and by accident the scine took fire, which, by endeavoring to put out the flames John Clark and Thomas Adams got severely burnt in the face, we immediately got some Columbian Oil from Mr. Paul, and applied it to the parts burnt, which gave ease in the course of twenty minutes, and has left the parts free from blisters.

JOHN PEACOCK.

THOMAS ADAMS, JOHN CLARK,
Baltimore, April 19th 1810.

No. 4.

Sir.—At your request that I should give my opinion respecting what effect your Columbian Oil had in a certain case wherein I was afflicted, I most

cheerfully comply by saying that I verily believe that I might have died with one of the severest cramps in the stomach, had it not been for your Columbian Oil; and that I have been a second time relieved of the same complaint by the assistance of that valuable medicine, and as such I recommend it as the best remedy, because there is no manner of doubt of its proving effectual.

E. CATHERINE WALKER.

Sign of the Buck, Market space, Baltimore.

No. 5.

Sir,
I was attacked with a violent pain in my left leg, which I supposed was a touch of rheumatism; it continued to grow worse every day, so that at last my knee began to get stiff, and could not bend it; during this, which lasted about five weeks, I was seized with a most dreadful pain in my right breast which pierced through my arm. During this situation a variety of remedies were applied, but all without effect. At last I was advised to try Paul's Columbian Oil, I accordingly procured a bottle, and found some relief from the first application, and by paying proper attention to the directions for using it, I was to the astonishment of all who were acquainted with my situation, in five days entirely free from all pain, and have now the use of my leg as well as ever, and any person who may peruse the above certificate, being desirous of any information respecting my case I have no objection on their making application to give them every satisfaction in my power respecting it:

I am, sir, yours, &c.

GEO. L. HUGHES.

Market-street, Baltimore.

No. 6.

Sir, Conceiving it to be my duty not to conceal from the public the virtues of your most valuable Columbian Oil, from which I received so much benefit. I am therefore induced, from a principle of gratitude for my recovery, to give a short statement of the complaint under which I suffered. I was first seized in the right hip with a most intolerable pain, which seemed exactly in the joint, and on the day following a dreadful pain in the back, which lasted about three weeks; during which time I could not walk upright, but always in a bent posture; and if seated in a chair, the pain would be so excruciating in the act of raising that it was impossible for me to refrain from screaming. My appetite had entirely left me and a constant headache, would sometimes almost deprive me of my senses; in fact I was in a most deplorable condition. A number of remedies were tried, but to no purpose, I had also the advice of an eminent physician, who prescribed a hot bath, &c. which were regularly attended to, but without the smallest advantage. I had about 9 ounces of blood taken from me, still the complaint, did not give way in the least degree. I was then advised to try Paul's Columbian Oil, but with very little hopes of succeeding; when to my great surprise & comfort, I was sensible of some ease in my hip on the first time of anointing; the next day the pain in my back abated, the headache left me, and in four days I was perfectly recovered.

APALONIA WALTER.

Lexington-Street, 2 doors from Liberty-st. Baltimore.

No. 8 Philadelphia July 8, 1807:

By your request I do certify, that I had been a long time dangerously indisposed, and was reduced to the low state of weakness, insomuch, that my recovery appeared doubtful; my complaint seemed to be afflictions of the breast and lungs. I could procure no relief from incessant coughing, nor breathe without great pain and difficulty—when, by the use of one phial of Paul's Columbian Oil, my distressing cough left me, every other symptom was removed, and I was restored to an excellent state of health, which I now enjoy.
